

UTTC Academic Year 2019-2020 Graduate Placement Report

By Career Services

Total Graduates: 98

Total No. of Responses: 97 or 98%

Continuing Education: 53 or 54%

Employed: 40 or 40%

Employed Related To Major 37 or 92%

Unemployed By Choice: 2 or 2%

Disability Income: 1 or 1%

Military: 1 or 1%

Notes: The response rate was up 17% compared to last academic year, reaching the 10% increase goal. The number of graduates was down 9 students compared to last academic year. Total employed was up 15% from last academic year. Those who continued their education remained close to last academic year. The number of jobs related to graduates major is now tracked with a comparable rate to other state and community colleges offering Career and Technical Education (CTE) courses. The response rate is also comparable to other community colleges. This is the first time UTTC rates are similar to other community and state colleges. Three new categories were added to better represent our students and their current situations.

Questions should be directed to Connie Sheehan, Director of Career Services at csheehan@uttc.edu or 701-221-1863

Information was gathered through one on one meetings with students at the time of graduation, National Student Clearing House, phone calls to parents and graduates, emails, reaching out to faculty, friends, and relatives of graduates, and checking social media.
