Message from the President

Leadership Begins Here

Hau' Mitakiyapi ka Mikodapi

(Hello my relatives and friends):

On behalf of the Board of Directors, administration, and staff, I welcome you to United Tribes Technical College (UTTC)! UTTC is honored to have you as a student whether you are attending classes in a face-to-face format or are attending through one of our online course offerings. UTTC, established in 1969, was the second tribal college and university (TCU) in the Nation and has provided quality workforce development and higher education services to multiple generations of Native Americans and non-natives throughout North Dakota, the Great Plains, and Indian Country.

UTTC is fully accredited through the Higher Learning Commission to include the provision of online programs of study and continues to collaborate with the North Dakota Tribal College System (NDTCS) and the North Dakota University System (NDUS) to ensure a seamless transfer between tribal and state colleges within the State. Certificate, associate of applied science, and baccalaureate programs of study continue to be aligned with tribal and non-tribal workforce needs to improve students' employment opportunities upon graduation.

The face of higher education is changing from the traditional methodologies of lecture type settings to interactive approaches where students are actively engaged in discussion or are exposed to conversations related to historical and contemporary issues pertaining to their disciplines. These changes are critical to creating future leaders who are able to readily question the norms of majority society

from the perspective of Native scholars with the end goal of advancing Native communities. To that end, your participation in student led organizations, such as the Student Government Association (SGA), American Indian Science and Engineering Society (AISES), or American Indian Business Leaders (AIBL), will further enhance your academic experience as well as build on your network for your chosen career.

Recent campus renovations to the Student Services, Education Building, Cafeteria, and Student Union, create a modern learning and social environment for our students and employees. Ongoing street improvements, handicap accessibility, lighting projects, and 24/7/365 security, only further our goal of creating a safe education and work environment for our students and employees. We want to applaud our Information Technology Department for doing an outstanding job of coordinating and implementing a significant upgrade to the UTTC internet infrastructure to 10 Gig! This increased speed allows our students and employees to dedicate more time to their studies and to the provision of education.

UTTC is experiencing higher rates of persistence, retention, and graduation as a result of students' commitment to their studies and staff's commitment to students. We hope you will join us in the effort to make this partnership a success for your education. Please feel free to talk to a faculty or staff member if you have any questions. We are here for you!

Leadership Begins Here

History of UTTC

The start of United Tribes Technical College is rooted in the vision and activism of tribal leaders in the 1960s. Faced with threats to their tribal sovereignty and the need for training and jobs development, the tribes of North Dakota incorporated in 1968 and obtained the fort for education and training. Classes began in September 1969. Thus, it became the second tribal college in the nation and one of the founding institutions of the nationwide American Indian Higher Education Consortium.

Because several tribes were involved, UTTC holds the distinction of being the first intertribally controlled and operated postsecondary vocational school in the country. The governing tribes are located wholly or in part in North Dakota: Mandan/Hidatsa/Arikara Nation, Spirit Lake Tribe, Sisseton-Wahpeton Oyate, Standing Rock Sioux Tribe and Turtle Mountain Band of Chippewa Indians.

Setting the Pace

United Tribes was developed as a supportive campus-community, where students could maintain their culture and build on their experience as tribal people, as they acquire an education leading to employment and life-long opportunities. A hallmark has been the ability to identify and respond to the changing needs for jobs training and education. In 1982 UTTC attained full membership accreditation with the Higher Learning Commission of the North Central Association of Colleges and Schools, maintaining its good standing ever since. UTTC's first associate degrees were offered in 1987. Accreditation followed for all of UTTC's associate level programs in 1993. Tribal College Land Grant status was conferred in 1994. UTTC was the first tribal college in the nation to receive accreditation to offer associate degrees online.

Now, bachelor's degree programs round out the offerings that make UTTC one of the leading tribal colleges in the nation.

Transformation

Today, the UTTC campus is a learning environment with modern educational buildings and equipment. The historic setting is transformed, serving students from tribes all across the country and non-Native students.

Thousands have been successful, demonstrating that educating students at United Tribes Technical College is the highest and best use of a one-time military fort in the tribal homeland.

Mission and Vision

Mission

United Tribes Technical College provides quality post-secondary education and training to enhance knowledge, diversity, and leadership for all indigenous nations.

Vision

United Tribes Technical College strives to build cultural, educated, and healthy leaders who empower and serve their communities.

Accreditation

Accreditation is a voluntary process of external review that evaluates programs, colleges and universities to ensure they provide high-quality education and services and continuously seek to improve. This process provides assurance to the public that United Tribes Technical College (UTTC) meets, and will continue to meet, clearly communicated criteria and regulations. Accreditation also ensures that faculty and students are eligible for federal grants and other funding. UTTC was granted candidacy status for accreditation by the North Central Association of Colleges and Schools in 1978. In 1982, UTTC was granted full accreditation status and has maintained continuous accreditation status since that time. The most recent comprehensive evaluations was April 2017. The next comprehensive evaluation is scheduled for 2020-2021.

UTTC also has programs that are individually accredited by the following discipline-specific accrediting bodies:

- National Automotive Technicians Education Foundation (NAETF)
- Association of Nutrition and Food Services Professionals
- North Dakota Education Standards and Practices Board (ND ESPB)

Diversity Statement

United Tribes Technical College values diversity because it enriches the community and wealth of experiences that characterize a post-secondary education. Our students, faculty, and staff come from Tribal lands throughout the United States and Canada. The majority of our students come from the northern plains region of the country, with 70% representing the North Dakota tribes.

UTTC recognizes that diversity is about much more than race, ethnicity or geography. Because students from many Tribal nations are represented at UTTC, from a wide range of cultural and ethnic backgrounds, students are encouraged to share their own cultural practices, traditions, and beliefs in the classroom in

an effort to build an inclusive and welcoming community for all individuals and one from which we can learn from one another. We believe engagement with diverse perspectives and ideas is critical to the education and growth of all people, and we value the unique experiences and viewpoints of all of our community members.

Equity Statement

United Tribes Technical College (UTTC) believes that access to a high-quality education in an inclusive environment is the right of all individuals and imperative for the continued advancement of a strong democracy and workforce. Equity is ensuring that all students receive what they need to be successful through the intentional design of the college experience.

Student Responsibilities

The most important student responsibility is ACCOUNTABILITY. The UTTC campus community is designed to aid students in taking the initiative to correct matters that affect their academic and personal success. UTTC is a stepping stone for students looking for academic and personal growth. Students are given the opportunity to build self-confidence and gain the tools necessary to secure meaningful employment. However, attendance alone is not a promise of success, students must strive to be their best and work in conjunction with the faculty and staff of UTTC to ensure a successful outcome.

In order to maintain the integrity and values of their community and to promote the high ideals of education, students enrolling at UTTC are expected to maintain high standards of personal conduct. It is necessary for students to conduct themselves as responsible citizens at all times. Students who fail to conduct themselves in a responsible manner will be subject to disciplinary action that may include suspension and/or dismissal from UTTC. By your enrollment at UTTC, you have agreed to work toward the betterment of yourself and your community, and to willingly abide by the rules and regulations, embodied in this document.

ENROLLMENT MANAGEMENT

Admissions & Recruitment

United Tribes Technical College (UTTC) maintains an “open door” admissions policy and welcomes all qualified applicants. UTTC believes that every person who has a sincere interest in learning should be given the opportunity to do so; however, the general policy does not ensure admittance to a particular course of study or to all applicants. Some programs have limited enrollment and also may have more stringent academic, medical and legal requirements. Applicants must have earned a high school diploma or GED. Admittance priority is given to those who are members of a federally recognized tribe and who have demonstrated the ability to pay for their education.

All applicants, including those returning to UTTC after an absence or following graduation, may be subject to a criminal background check. The complete Admissions procedure and requirements can be found online at the UTTC website.

Financial Aid

The Financial Aid Office maintains a program of financial assistance and scholarship information to assist students in meeting their education cost. To determine eligibility for all financial aid programs and scholarships available at UTTC, students must complete the Free Application for Federal Student Aid (FAFSA) at studentaid.gov/h/apply-for-aid/fafsa. Applicants are encouraged to apply early in order to meet state and tribal funding deadlines. Information and assistance regarding Financial Aid policies and procedures is available in the college catalog and on our website at www.uttc.edu.

Registrar

The Registrar’s Office staff is responsible for maintaining the records of both past and current students. They also conduct transcript evaluations, provide proof of enrollment, and provide students with information about transferring to other institutions after graduation. All students must officially register with their advisors prior to attending class. Registration deadlines are listed on the academic calendar and all students must register within the dates specified. The Registrar’s Office staff also maintains any documents specific to a student’s academic record including schedules, transcripts, grades, and graduation requirements. For more information about Registrar’s Office policies and procedures, refer to the college catalog or the UTTC website at www.uttc.edu.

FERPA

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students of United Tribes Technical College are eligible students and are protected under the FERPA law. For more information regarding FERPA, please contact the Registrar's Office.

Career Services

UTTTC's Career Services office provides a variety of services with the primary purpose of educating and assisting students in reaching their career and educational goals.

The Career Services office assists students with career assessments, employment search, resume and cover letter writing and proofing, and mock interviews. Current career opportunities are made available to students as they are received by the Career Services office. The Career Services office also hosts a career fair twice a year on campus.

The Career Services office is located in the upper level of the Jack Barden Center; appointments may be scheduled with the Career Counselor by calling 701-221-1863.

Student Government Association (SGA)

UTTTC recognizes the importance of student voice and encourages the participation of students in the SGA. The SGA is comprised of student representatives from each of the student clubs. Elections from the membership at large are held annually for the offices. The offices include: President, Vice President, Secretary, and Treasurer. The SGA is provided with a budget and staff advisors provides great leadership opportunities for all of the student body. For more information, go to <https://uttc.edu/student-government/>.

ACADEMICS

Academic advising is designed to assist students in their academic pursuits at United Tribes Technical College. Students are assigned advisors according to the degree or certificate program they are pursuing. The academic advisors are knowledgeable of their program areas as well as UTTC policies relevant to graduation and transfer.

All of the academic advisors are also faculty members who teach

in their degree or certificate program. Students are expected to keep in regular contact with their academic advisors. It is recommended that students meet with their advisors a minimum of 2-3 times per semester, more often if necessary.

The advisors will assist students with registering for courses, monitor attendance and grades, answer general questions about classes and academic due dates, and refer students to other services on campus that will help them be successful as college students. The student is responsible for knowing the requirements of a particular degree or certificate as outlined in the college catalog and fulfilling those requirements, but the academic advisor is available to assist in the process.

Library/Archive

The UTTC library is located on the first floor, east side of the Education Building. The library's approximately 10,000 volumes are an integral part of the academic life of UTTC, supporting the vocational and academic programs through reference and research. It has a sizable Native American Collection. The library services offered to students and staff are the print collection, subscription databases, computer use and printing. Resources not available at the library may be requested through interLibrary loan. Helpful library staff offer professional guidance to library needs for study, research and recreational reading. The library has extended hours to meet the needs of students.

UTTC Archive is located in the lower level of the Education Building. UTTC invites students, staff, researchers and the public to make use of the resource materials available. The UTTC Archive is a division of the United Tribes Technical College Library. Items posted are for educational purposes only, including history research, student projects, family and tribal history, and the like. Contact the library staff for archive information.

** Academic dishonesty violations processes (e.g. plagiarism and cheating) are excluded from the SCC and included in the Academic Affairs Policies Handbook and cited on course syllabi.*

SECTION V. SANCTIONS

Students found responsible for disciplinary offenses under the SCC are subject to sanctions. Factors to consider in determining appropriate sanctions include:

- Nature of the offense,
- Severity of the offense,
- Culpability of the student or student group,
- Impact on other students or members of the campus community, and
- Opportunity for student growth and development based on appropriate interventions.

Separation from the College through suspension or expulsion is a serious sanction that may be appropriate for:

- Repeated violations of the SCC, and
- Misconduct that constitutes a threat to community safety or well-being (including, but not limited to harm to person and sexual assault), or significantly disrupts the rights of others or the operations of the College.

UTTC seeks to provide a safe, secure, and healthy environment for all students. Recognizing that the potential application of disciplinary sanctions could deter students from seeking medical attention for themselves or others, UTTC will provide medical amnesty as defined in Section III. However, a student requiring emergency evaluation or treatment at a medical facility will be required to complete an alcohol assessment or education program. This is not considered a disciplinary response. Amnesty is granted only for violations of illegal or unauthorized possession or use of drugs or alcohol, and does not apply to other possible violations of the SCC (e.g., property damage or assault) that may have occurred during the time of intoxication. In circumstances involving a student group, the willingness of the student group's members to seek medical assistance for a member or a guest will be viewed as a mitigating factor in the review process for any possible violations.

The following sanctions, which are listed in order of least severe to most severe, may be imposed upon students or student groups who have violated the SCC. The Hearing Officers reserve the right to assign any sanction depending on each situation and the severity of the offense.

Typical sanction for first offense:

- Warning means the issuance of an oral or written warning or reprimand.

Typical sanction for second offense:

- Probation means special status with conditions imposed for a defined period of time and includes the probability of more severe disciplinary sanctions if the student or student group is found to violate any institutional regulation during the probationary period.

Typical sanctions for third offense or for first or second offense, based on severity:

- Required Compliance means satisfying evaluation, counseling, and after-care requirements; work assignments; community service; participating in a restorative justice process; or other discretionary assignments.
- Confiscation means confiscation of goods used or possessed in violation of campus regulations or confiscation of falsified identification or identification wrongly used.
- Restitution means making compensation for loss, injury, or damage.

2022-2023 Student Handbook

Leadership Begins Here

- Restriction of Privileges means the denial or restriction of specified privileges, including, but not limited to, access to an official transcript for a defined period of time.

Typical sanction for domestic violence offense:

- Campus Housing Suspension means separation of the student from campus housing for a defined period of time.
- Campus Housing Expulsion means permanent separation of the student from campus housing.
- Suspension means separation of the student or student group from UTTC for a defined period of time, after which the student is eligible to return. Suspension may include conditions for readmission. The suspension may be deferred when an offense is serious enough to warrant separation from UTTC, but where the specific circumstances of the case justify special consideration.

Typical sanctions for sexual misconduct, weapons violations, possession of Class A and B drugs (excluding marijuana), and sale and distribution of any illegal or unauthorized substance:

- Expulsion means the permanent separation of the student from the College. This will be matter of permanent record.
- Withholding of Diploma or Degree means the withholding of diploma or degree otherwise earned for a defined period of time or until the completion of assigned sanctions.

Alcohol and Illegal Drug Sanctions

Students at United Tribes Technical College are required to abide by all federal, state and local laws regarding the possession, sale, use and consumption of alcoholic beverages. UTTC also considers the use, possession, distribution, or sale of those drugs (hallucinogens, narcotics, stimulants, and depressants) that are illegal except when taken under a physician's prescription as contrary to the welfare of the campus community. Students involved in such activities are subject to disciplinary action and will be prosecuted according to the law.

UTTC recognizes the serious problems created by the use and abuse of alcohol and drugs. In response to this awareness, UTTC is an alcohol, drug and tobacco free campus and has an alcohol and drug prevention program that is committed to providing resources and referral services for students who experience alcohol and/or drug abuse.

Alcohol and Other Drug Emergency

Transport Policy

UTTC considers the safety and personal well-being of the student body a priority. UTTC recognizes that there may be alcohol or other drug-related medical or safety emergencies in which the potential for disciplinary action could act as a deterrent to students who want to seek assistance for themselves or others.

Students who are transported to a local hospital as a result of the abuse of alcohol or other drugs will be required to meet with a member of Student Health and Wellness within twenty-four (24) hours of the incident. Failure to schedule and attend the session may result in judicial action.

When a student aids an extremely intoxicated or impaired individual whose life may be in danger by contacting Security or Residential Life staff, neither the intoxicated individual nor the individual or student reporting the emergency will be subject to disciplinary action.

Notice: UTTC in its sole discretion may notify parents or guardians if a student is in violation of campus alcohol and drug policies without the student's consent if the student is under the age of 21 years old.

Tobacco Free Campus Policy Tobacco Definition

"Commercial Tobacco" is defined to include any product that contains tobacco, is manufactured from tobacco, or contains nicotine. This excludes any FDA approved nicotine replacement therapy. "Smoking" means inhaling, exhaling, burning, or carrying any lighted or heated cigar, cigarette, or pipe, or any other lighted or heated tobacco or plant product intended for inhalation, in any manner or in any form. Smoking also includes the use of an e-cigarette which creates a vapor, in any manner or any form, or the use of any oral smoking device for the purpose of circumventing the prohibition of smoking.

Sacred Use of Tobacco

We recognize the importance of ceremonial tobacco and have developed the following procedure: An organization or group that wants to use sacred tobacco for an event is required to submit their request in writing, describing the event in advance and submit the request to the Vice President of Student and Campus Services. The vice president will approve or deny the request.

UTTC Tobacco Free Policy

Commercial tobacco is defined above as all tobacco- derived products sold commercially, including, but not limited to cigarettes, cigars, hookah-smoked products, spit and smokeless

tobacco, chew, snuff, snus, clove cigarettes, bidis, kreteks, cigarillos, e-cigarettes, hookahs and dissolvable products.

Tobacco use is prohibited on all campus grounds, in all campus-owned properties, and in all campus-owned vehicles.

Tobacco use is also prohibited at all institution sponsored off-campus functions.

Tobacco sales, industry promotions, advertising, marketing, and distribution are prohibited.

Tobacco industry and related company sponsorship of campus groups, events, individuals, and departments is prohibited. This includes scholarships, sponsorship of faculty positions, and recruiting for employment.

The tobacco policy is clearly posted in employee and student handbooks, on the campus website, and in other relevant publications.

Tobacco Cessation Services

Students seeking assistance to deal with their tobacco addiction are urged to contact the Wellness Center where medicine, support and peer mentoring may be available at no cost. The state of North Dakota provides an online program NDQuits, a toll-free number 1.800.784.8669 or web based program all free of charge.

Enforcement

All individuals on campus property or at an off-campus, school-sponsored event share in the responsibility for adhering to and enforcing this policy. All members of the United Tribes Technical College campus community are expected to support this policy and cooperate in its implementation and enforcement. Students, staff and visitors violating this policy should be reminded of the policy and asked to comply.

Violations of this policy by students may be cause for disciplinary action in accordance with student code of conduct.

UTTC considers the safety and personal well-being of the student body a priority. UTTC recognizes that there may be emergencies in which the potential for disciplinary action could

act as a deterrent to students who want to seek assistance for themselves or others.

When a student aids an extremely intoxicated or impaired individual whose life may be in danger by contacting Security or Residential Life staff, neither the intoxicated individual nor the individual or student reporting the emergency will be subject to disciplinary action

Communicating Policy to Students, Staff, and Public

This policy will be printed in the employee and the student handbooks. The United Tribes Technical College shall post signs indicating that the campus property is tobacco-free in all locations and in the manner identified in NDCC 23- 12- 10.4.1(a) and (b). In addition, notices should be posted in other highly visible places on campus property including, but not limited to, walkways, athletic fields, parking lots and at all off-campus, school-sponsored events. Students, faculty and staff will be notified of this policy in writing, and the local media will be asked to communicate this tobacco- free policy communitywide.

Campus Regulations

1. Ensure the safety and well-being of members of the campus community or to preserve campus property,

During the interim suspension, the student or student group may be denied access to all College activities or privileges for which the student or student group might otherwise be eligible, including access to campus housing or property. The student or student group has a right to a prompt hearing before the President or delegate on the questions of identification and whether the interim suspension should remain in effect until the full hearing is completed.

SECTION VII. NOTIFICATION, HEARING, AND APPEALS OF STUDENT DISCIPLINARY OFFENSES

Notification

All potential violations of the SCC are reported by UTTC Safety and Security to the chair for the Hearing Officers team within 3 business days of the alleged violation. The Hearing Officers review the violation report and determine if there is reasonable cause for an administrative hearing.

Students subject to an administrative hearing shall receive the following:

- a. Written email notice of the alleged SCC violation at least 3 business days in advance of the administrative hearing. UTTC uses email as the means of delivering the written notice.
- b. The Academic and Wellness Counselors will contact the student to ensure the student is informed of the hearing.
- c. An opportunity to address the case before the SCC Hearing Officers not more than ten business days after the student has been notified in writing.

If the Hearing Officers determine the alleged violation does not warrant an administrative hearing, the Safety and Security report will be retained and the student will be notified.

Administrative Hearing Procedure: *conducted by the three-member SCC Hearing Officers team. The Vice Presidents of Campus Services and Academic Affairs grant authority to the SCC Hearing Officers to adjudicate and determine whether the involved student violated the policy, and to determine appropriate outcomes as necessary.*

- A. The hearings will be conducted once per week, as needed, at a date and time determined by the SCC Hearing Officers.

In regard to sexual misconduct and domestic abuse cases, both the reporting party and the accused student have the opportunity to request a formal hearing and appeal as part of due process.

Appeals Process

Appeals may only be made by:

- The student who allegedly violated the SCC in the original hearing, or
- The complainant in the original hearing, when such is present.

If one of the above chooses to appeal a decision, they must submit their appeal in writing to the Vice President of Campus Services within five business days of the date of the outcome

letter. To receive consideration, a student's appeal must be full and complete upon its submission, including the basis for appeal and any supporting documentation.

The receipt of the appeal will be acknowledged in writing (which can include email). In cases involving opposing parties, when an appeal is filed the other party will be given the opportunity to review and respond in writing to the appeal. Any response by the opposing party must be submitted to the Vice President of Campus Services within five (5) business days from receipt of the appeal. The appeals documents from each party will be considered together in one appeal review process.

No appeal hearing will be held. The Vice President of Campus Services and the Vice President of Academic Services will render a joint decision on the appeal based solely on the student's written appeal, any response from the other party, and the record of the original hearing. The decision is final, and will be rendered within five business days of the receipt of the written appeal.

In cases where suspension or expulsion is assigned as an outcome, the disciplinary action will go into effect at the conclusion of the appeal process. During the appeals process, a student who was issued suspension or expulsion may continue to attend class, unless otherwise directed by the Vice President of Campus Services, but is prohibited from participating in, representing the College in, or attending extra-curricular, co-curricular, and official College activities, if it is determined that the health or safety of a student or the community is at risk. Additional interim measures, such as those to ensure the safety of community members, may be put in place until the conclusion of the appeal process, as deemed appropriate by the Vice President of Campus Services or designee.

SECTION VIII. JURISDICTION

The Student Code of Conduct shall apply to student and student group conduct that occurs on campus or at UTTC sponsored activities. The SCC shall also apply to off-campus student and student group conduct when the conduct, as alleged, adversely affects a substantial College interest and either:

1. Constitutes a criminal offense as defined by local, state, or federal law or ordinance, regardless of the existence or outcome of any criminal proceeding; or
2. Indicates that a student or student group may present a danger or threat to the health or safety of the student or others.

The conduct of a student who is a member of a student group will not be considered to be conduct of the student group unless the facts and circumstances surrounding the conduct suggest that the student group sponsored, organized, or otherwise endorsed the conduct.

2022-2023 Student Handbook

SECTION IX. RESPONSIBILITIES OF DUAL MEMBERSHIP

Students are both members of the campus community and of the state. Students are responsible to the community of which they are a part, and they are responsible to the academic community of UTTC. By enforcing the SCC, UTTC neither substitutes for nor interferes with other civil or criminal legal processes. When a student is charged in both jurisdictions, the SCC Hearing Officers will decide on the basis of its interests, the interests of affected students, and the interests of the community whether to proceed with its disciplinary process or to defer actions. Determinations made or sanctions imposed under the SCC will not be subject to change because criminal charges arising out of the same facts were dismissed, reduced, or resolved in favor of the criminal law defendant.

SECTION X. INTERPRETATION AND REVISION

UTTC publishes the SCC to provide students with general notice of prohibited conduct. Since this SCC is not written with the specificity of a criminal statute it is open to interpretation and application by students, College administrators, faculty members, committees, and organizations acting in an official capacity. Any question of interpretation regarding this SCC must be referred to the Vice President of Campus Services or designee for final determination.

The SCC is reviewed as needed under the direction of the Vice President of Campus Services, or designee, who consults with stakeholders as appropriate. The SCC in place at the time an alleged violation occurs shall be the procedures against which the conduct is resolved in any subsequent conduct hearing or resolution process.

North Dakota Child and Youth Supervision Guidelines

North Dakota does not have a law regulating the age at which a child may be left unsupervised. Child and youth supervision guidelines provided by the North Dakota Department of Human Services, Children and Family Services, Child Protection Programs are used by county social services agencies in North Dakota.

Answers to the most commonly asked questions about supervising children and self-care. There are both risks and opportunities associated with self-care. Parents need to carefully decide whether self-care is appropriate for their children.

Most parents are aware of threats from accidents, fire, or harm from strangers and make special efforts to deal with them. There are also dangers to children's emotional well-being. Children in self-care must deal with feelings of loneliness, boredom, fear, rejection, and insecurity. The increased responsibility for chores and caring for younger siblings may be more than a child is ready to handle. Sometime, older siblings physically or sexually abuse a young child left in their care. Teenagers can turn their fear and loneliness inward, leading to depression. Experimenting with sex, drugs, tobacco and alcohol are much more likely with teens in self-care. Peer pressure, too, can be a negative influence, which a child may not have the confidence to overcome.

When parents invest time and energy to make the right decision about self-care for their children, the potential benefits increase. Children can gain an increased sense of self-confidence, responsibility, and independence.

Who is responsible?

The ultimate responsibility for the safety, care, well-being and behavior of children remains with the parent or caregiver, whether they are there to personally supervise them or not.

What does the law say about child supervision?

North Dakota does not have a law which provides an age when children can be left alone. However, guidelines have been developed by the Department of Human Services and are used by county social services agencies in North Dakota. These guidelines are subject to change, so please refer to the website: www.nd.gov/dhs.

What are the age guidelines?

Children left home alone should be able to demonstrate knowledge of where their parents or other responsible adults are, how to reach them, and the length of time caregivers will be absent. Children should also know emergency procedures and arrangements for emergency situations.

Ages 0-4

The guidelines state that all children under age 4 years be in view of their caregiver at all times while outside of the home. Inside the home, the caregiver should be available and able to respond to the child to provide immediate care and protection from harm. Children of this age should not be left in vehicles unless they are in proper restraints (unable to put the vehicle in gear) and in direct view of the caregiver at all times.

2022-2023 Student Handbook

Leadership Begins Here

Ages 4-17

Children 8 years and under should be supervised at all times with a caregiver available. An 8-year-old should not be left in charge of other children.

Children who are 9 years old should not be left unsupervised for periods greater than two hours during the daytime. A child of this age should not be unsupervised during sleeping hours. Children this age should not be responsible for younger children.

Children who are the age of 12 years and older may be permitted to act as baby-sitters. It is recommended that they successfully complete an approved child care training course.

Caution is advised on the number of children left in care, length of time for caregiving responsibility, factors regarding special needs of children left in care and resources available to the child providing care.

Teens

Children under 15 years of age should be attended overnight. Caution should be taken in leaving 15– 17 year olds alone overnight. Extended absences of caregivers (such as over a weekend) are not recommended.

Is age the only factor to consider?

The age of the child is not the only factor that should be considered when children are left alone.

Other factors include:

- The maturity of the child
- Emotional health factors
- The child's physical or mental limitation
- Length of time alone
- Time of day or night
- Other children present to be supervised
- Location and environmental conditions
- Frequency of being left alone
- The accessibility of a parent or other adult

Using the guidelines and other factors mentioned, consider the following questions:

- How does your child feel about the situation?
- Look at the child's age in relationship to growth, behavior and judgment.
- What are the responsibilities your child will be left with?
- Will the child be able to handle those responsibilities?
- How long will the child be left alone? The first few times should be quite short.
- You will be able to stay away longer once the child is confident about safety.

- What are the safety risks if your child is alone? (fires, accidents, burglaries, etc.)
- Can your child say no to peer pressure if friends encourage the child to break rules in your absence?

Safety tips:

- Encourage the child to discuss feelings about being alone. If a child seems afraid, help her to talk about it and help her feel safe.
- Establish ground rules. This avoids confusion about what you expect and adds to the child's own sense of security. Careful planning can help insure physical safety and emotional well-being for your child.
- Remove fire hazards and install smoke detectors. Hold fire drills with each child "practicing" what to do and where to go in case of fire.
- Teach children basic first aid and have a first aid kit available.
- Have children practice emergency (911) calls with you, giving their full address and directions if necessary.
- Review safety rules such as not playing with matches, knives, and scissors.
- Teach children when and if to answer the door and phone. Warn children to never let strangers into the house.
- Instruct children to never tell callers that they are alone. They should say that the parent is busy and offer to take a message. If a call seems suspicious, they should call you or another adult.
- Have a clear understanding about use of ovens, stoves and other appliances.
- Provide projects and materials as well as juice and nutritious snacks.
- Set up an emergency plan with a relative, friend or neighbor who may be unable to care for your child but who will be willing to be called by the child for advice or reassurance in "small emergencies" when you are unavailable by phone.
- When you leave, post your house address and important numbers near the telephone.
- Establish a daily routine in which your child calls you or a designated person when she arrives home.
- If your child comes home after school, give her keys and perhaps an attractive key chain. The keys should be carried out of sight so that the child isn't easily identified as one on his own.
- Arrange some after school activities such as clubs, scouts, sports or the library. If you need help with transportation, arrange to trade weekend driving or child care with other parents.

- When you return home, praise your child for doing a good job. You may be pleasantly surprised at how readily and how well your child assumes responsibility when fully prepared and given the opportunity.
- For more information, please call your local county social service agency.

Equal Opportunity/Affirmative Action Policy

United Tribes Technical College is an equal opportunity, affirmative action institution that does not discriminate in its admissions, participation in its educational activities, including housing, and all other programs which it sponsors or offers, on the basis of race, color, religion, sexual orientation, national origin, age, the presence of mental or physical disability, or status with regard to marriage or public assistance, except as allowed by the Indian preference provision of the Civil Rights Act of 1964 or where Indian preference is otherwise allowed by law. The following person has been designated to receive inquiries about UTTC's Equal Opportunity policy and coordinate responses to those inquiries: Rae Gunn, Director of Human Resources, 701-255-3285, ext. 1721

Sexual Misconduct, Prevention and Reporting

UTTC is dedicated to maintaining a positive learning, working and living environment. UTTC will not tolerate acts of sexual misconduct or related retaliation against or by any employee or student. UTTC is committed to: (1) taking action to prevent sexual misconduct; (2) providing awareness by educating individuals on abuse and violence; (2) conducting

unbiased investigations of all reports of sexual misconduct through fair, equitable and prompt procedures. Investigations will be independent of and separate from law enforcement investigations, but may be coordinated with local law enforcement investigations should the need arise.

This policy is required by federal law and implementation of this policy is guided by the U.S. Department of Education, Office of Civil Rights.

- a. Sexual misconduct is prohibited in all forms, regardless of intent to harm. Sexual assault, sexual exploitation, coercion and sexual harassment are examples of sexual misconduct, and all are prohibited.
- b. Also prohibited under Title IX is any rule violated on the basis of the recipient of the behavior's sex/gender which is severe enough to cause a discriminatory effect. (Examples of this may include but are not limited to bullying, cyber-bullying, relationship violence and stalking.)

UTTC encourages all community members to seek support for and report sexual misconduct directly to the UTTC Safety and Security department, Domestic Violence Advocate or the Title IX Coordinator. These individuals will assist in eliminating the misconduct, preventing its recurrence and addressing the effects.

Rae Gunn is the Title IX Coordinator at UTTC. Her job is to oversee UTTC's compliance with Title IX.
