LTE / FWS — Work-Study Process

Step	What Happens?
1	Applications can be submitted at any time.
2	Applications are evaluated after Census. Eligibility is based on unmet need or an outstanding student bill.
3	All paperwork must be submitted before the student starts employment.
4	Financial Aid submits completed applications, as hard copies, to Human Resources.
5	Human Resources initiates the background check and notifies Financial Aid when it is complete.
6	Financial Aid submits the Employee Selection Form (ESF) for signature approval.
7	Once the ESF is fully signed, Financial Aid notifies the student and supervisor that employment may begin.
8	The supervisor submits the student's time card and Part-Time Compensation forms to Financial Aid for processing.

Student Reminder: Always verify current deadlines and eligibility with Financial Aid or your department/advisor.
